PX XTREME POWER LL01 5W-40

Product Description

PX Xtreme Power LL01 5W-40 is 100% fully synthetic motor oil that utilizes a unique technology with special molecular formulation to maximize the protection for engines under extreme conditions. The adhesive bond with metal at a molecular level forms a strong protective film over all surfaces in the piston chamber, ensuring no metal to metal contact. It delivers optimized protection in performance engines under ultra-high load and maximizes power output in all conditions.

PX Xtreme Power LL01 5W-40 contains the highest quality synthetic fluid providing a much stronger oil film than conventional mineral products. The oil has excellent film resistance at high temperatures which minimises oil consumption.

PX Xtreme Power LL01 5W-40 is a top tier lubricant. It is specially designed for use in BMW, Porsche and Mercedes Benz vehicles where OEM performance specifications are required.

Applications/ Benefits

- Formulated for extra high engine loads.
- Optimized for racing conditions.
- Delivers superior thermal stability

Typical Characteristics

Test Description	Result
SAE Viscosity Grade	5W40
Specific Gravity @ 15 Deg. C	0.8532
Flash Point, 0 C	216
Pour Point, 0 C	-39
@ 40C (cSt)	83.20
@ 100 0 C (cSt)	14.07
Viscosity Index	175
TBN (mgKOH/g)	10.1

Approvals/ Specifications

- API: SN/CF
- BMW: Long Life-01
- MB-Approval: 229.5
- VW: 502.00, 505.00
- Renault: RN0700/ 0710
- ACEA: A3/ B4
- Mercedes-Benz: 226.5, 229.3, 229.5
- Porsche A40
- PSA:B71 2296
