TECHNICIAN SERIES

PX ULTIMAXX 10W-60

Product Description

PX Ultim maxx 10W-60 fully synthetic engine oil with Ester is blended with high performance, field proven additives to enhance the friction-reduction properties. It is formulated to cater for motoring enthusiasts who having invested considerable time and money to upgrade and/or improve their engines performance and are searching for that “unique” high performance engine oil.

PX Ultim maxx 10W-60 recognizes the importance of a properly formulated lubricant that can withstand extreme temperature at high rpm.

Applications/ Benefits

- Maximum bearing protection
- Super fluidity over wide ranges of temperature and operating conditions
- Maximizes obtainable engine horsepower
- Superior high temperature protection

Typical Characteristics

Test Description	Result
Specific Gravity @ 15 ° C	0.867
Flash Point, Deg. C	234
Pour Point, Deg. C	-39
Kinematics Viscosity @ 40C (cSt)	171.5
Kinematics Viscosity @ 100 0 C (cSt)	24.38
CCS (cP)	6419
TBN	>10
Viscosity Index	174
Molybdenum, %wt.	0.040

Specifications

- API SN/CF
- ACEA: A3/B4 (Suitable for use)
